

# cat

Print and concatenate files.

- Print the contents of a file to the standard output:

```
cat {{file}}
```

- Concatenate several files into the target file:

```
cat {{file1}} {{file2}} > {{target_file}}
```

- Append several files into the target file:

```
cat {{file1}} {{file2}} >> {{target_file}}
```

- Number all output lines:

```
cat -n {{file}}
```
