

# sha256sum

Calculate SHA256 cryptographic checksums.

- Calculate the SHA256 checksum for a file:

```
sha256sum {{filename1}}
```

- Calculate SHA256 checksums for multiple files:

```
sha256sum {{filename1}} {{filename2}}
```

- Read a file of SHA256 sums and verify all files have matching checksums:

```
sha256sum -c {{filename.sha256}}
```
