

# sha224sum

Calculate SHA224 cryptographic checksums.

- Calculate the SHA224 checksum for a file:

```
sha224sum {{filename1}}
```

- Calculate SHA224 checksums for multiple files:

```
sha224sum {{filename1}} {{filename2}}
```

- Read a file of SHA224 sums and verify all files have matching checksums:

```
sha224sum -c {{filename.sha224}}
```
