ln

Creates links to files and folders.

- Create a symbolic link to a file (or folder):

```
ln -s {{path/to/file}} {{path/to/symlink}}
```

- Overwrite an existing symbolic to point to a different file:

```
ln -sf {{path/to/new_file}} {{path/to/symlink}}
```

- Create a hard link to a file:

```
ln {{path/to/file}} {{path/to/hardlink}}
```
